

What Is Digital Citizenship?

Being a good digital citizen is more than knowing your way around the web. It's about empowering your students with skills to think critically, behave safely, and participate responsibly online, allowing them to connect and collaborate in meaningful ways.

COMMON SENSE EDUCATION APPROACH

The Common Sense Education Digital Citizenship Program centers on eight main categories based on the digital ethics research of Dr. Howard Gardner and The Good Play Project at the Harvard Graduate School of Education.

Taught by classroom teachers, librarians, tech specialists, and other educators from across the country, key features of this revolutionary program include:

- ✓ Lesson plans by grade and subject.
- ✓ Lessons available as PDFs, as iBooks Textbooks, and via Nearpod.
- ✓ Student-facing videos, interactive games, and assessments.
- ✓ Teacher-training and support materials.
- ✓ Family education materials across subjects.

WHAT CAN YOU DO?

Raising and educating young people in today's 24/7 digital media environment is one of the most exciting and overwhelming challenges that parents and schools currently face. Working together we can raise a generation of kids to become smart, responsible, and respectful digital citizens.
