

Google as a Dictionary

define:educator|

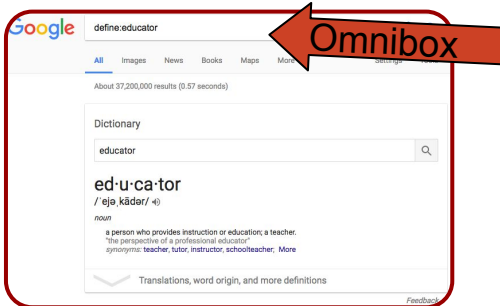

Google Search

I'm Feeling Lucky

Type the word to be defined right into the Google search box, hit the Enter key, and Google gives you the definition!

Good for quick word definitions!
Enter: "define:" and the word to define
Example: define:educator

If you use Chrome as your browser, this can be done right in your Omnibox* with the same result!

The screenshot shows a browser's Omnibox with the search query "define:educator". Below the search bar, the results show "About 37,200,000 results (0.57 seconds)". A "Dictionary" section is highlighted, containing a search box with "educator" and a magnifying glass icon. Below this, the word "ed·u·ca·tor" is displayed with its phonetic transcription "/ eĵə kädər / 4)". The definition is given as "noun" and "a person who provides instruction or education; a teacher." It also includes a note: "the perspective of a professional educator." and lists synonyms: "teacher, tutor, instructor, schoolteacher." and "More". At the bottom of the dictionary entry, there is a link for "Translations, word origin, and more definitions". A red arrow points from the word "Omnibox" to the search bar.
